**Jubilant July Jolimont Read-a-thon**

Prizes will be given to the child who has read the most books as well as the class with the highest cumulative results. Thank you to our Year 3 parents who have been involved with this initiative.

**2021 Enrolments**

We are excited to let our community know we are continuing to grow and are expecting another class next year. With the ongoing subdivisions and new housing estates we will be working with the DoE to ensure we have facilities and staffing ready! Could we urge parents to let us know if they are planning to move schools, or know of anyone in area who may need to still enrol. Thank you for your support to help us understand our changing student population.

**Students Arriving to School Early**

Could we please urge parents to refrain from dropping off students early? This has become a slight issue. Classrooms open at 8:30am.

**Sustainability Update**

Are your tastebuds tingling? Are you hungry for pizza? Well we've got you covered! Come down to the kitchen garden, and check out our progress with creating the new kitchen garden - pizza toppings (not cheese, though), salad bits and more! All fresh produce from the sustainability committee, inspired by the pre-primary and kindy vegetable garden! This semester, the Sustainability Councillors are designing and planning a pizza and salad garden, as well as continuing the worm farm and Waste Free Mondays. We are also looking into an initiative with The Greenbatch Foundation and the Subiaco Rotary Club to start up a container recycling scheme. There are many exciting sustainability plans in the pipeline - watch this space! By Eva and Emily

**Lego**

We would love to have any donations of Lego to make up tubs for classes, wet weather activities and design technologies curriculum activities. If you are able to assist, please leave these at the front office. Thank you...we are looking forward to some creative ideas being created.
