During Week 8, the Year 5/6 and Year 6 classes were lucky enough to have a lesson facilitated by Hasan Rayan, a dad of one of our Year 6 students. Hasan introduced the students to the amazing world of Scratch coding on their iPads and showed them how simple it was to start to code. They learnt about augmented reality and were able to make a character move by utilising the sensor in their iPad camera. Thank you to Hasan for his time with us.

As part of our Flourish activities, classes have continued to work on goal setting this term. Next semester, we will focus on a Growth Mindset and continue to support children to know when they make a mistake it is a chance to learn. People with a growth mindset see feedback as a way to improve and develop new ways of thinking. Please enjoy this video. [Growth Mindset vs. Fixed Mindset - YouTube](#)

Next newsletter will have all the campout info. At this stage just hold the date - Sat 11 to Sun 12 Sept at Baden Powell campground, Lane Poole Reserve near Dwellingup

Some Fathering project content. Ways to help your son identify and express his emotions

- Model calm behaviour: If you're feeling worked up, take a moment to calm yourself before responding.
- Talk about how feelings can be expressed: Encourage your son to express himself whenever possible, boys feel worse when they bury their emotions.
- Teach skills to nurture inner strength: i.e. positive thinking, self belief and self discipline.
- Name the feeling: When he's having a meltdown, calmly ask what he's currently feeling and say it out loud. Sadness? Anger? Embarrassment? This helps to become more in tune with each emotion.
- Identify feelings in others: Having empathy and understanding others emotions is also important.
- Remove statements like "Toughen-up". "Be a man, man-up". "Give 'em hell" from our vocabulary

### **From the P&C**

We have been made aware some people are not receiving our P&C communications. Our emails are generated and sent through an online platform and sent out in bulk.

For Gmail users, this means they might be going to your Promotions folder. One of the simplest ways to prevent this is to left click and hold on the email and drag it from the promotions tab over to the Primary tab. Releasing the mouse will drop the email into the primary tab. After it is dropped, Gmail will ask if you wish to make the change permanent.

If you are a Hotmail user and the emails are finding their way into the Junk Folder, simply select the email and right click and select Mark as Not Junk.

If you would like us to resend our newsletter from last week, please let us know [jolimontpspandc@gmail.com](mailto:jolimontpspandc@gmail.com)
