## **FROM THE P&C**

### **Communications**

We have been made aware some people are not receiving our P&C communications. Our emails are generated and sent through an online platform and sent out in bulk.

For Gmail users, this means they might be going to your Promotions folder. One of the simplest ways to prevent this is to left click and hold on the email and drag it from the promotions tab over to the Primary tab. Releasing the mouse will drop the email into the primary tab. After it is dropped, Gmail will ask if you wish to make the change permanent.

If you are a Hotmail user and the emails are finding their way into the Junk Folder, simply select the email and right click and select Mark as Not Junk.

If you would like us to resend any newsletters, please let us know [jolimontpspandc@gmail.com](mailto:jolimontpspandc@gmail.com)
